Hunting Colors:

- It is no secret that the Anthracite Grey or Black looks amazing with both Kuiu Verde and Vias. Flat Dark Earth *does not* pair well with either Kuiu camo pattern.
- Realtree Edge & Escape pairs perfectly with Musket Brown, Flat Dark Earth or Black.
- Realtree Snow has matching limbs, but either Pearl White or Black looks great.
- Musket Brown and Flat Dark Earth together is a woodsy neutral look.

Target Colors:

- Any solid color riser looks amazing with Pearl White, Anthracite Grey, or Black limbs.
- Pearl White limbs really makes almost any solid color riser a real stand out.
- Anthracite Grey lends more of a classy vibe to a target color riser.
- New this year is Monarch, Dragonfly and Mantis. Any solid color riser looks amazing with Pearl White, Anthracite Grey or Black limbs.

The Old Glory Bow:

We are 100% made in America, so with great pride, we introduce our exclusive Athens pattern- Old Glory. This is our version of the time worn flag that may have been in your family for generations. Upper limbs are in blue/stars while lower limbs are in red/white stripe. The look is finished with coordinating GAS Ghost string/cables with red and blue servings. No other color combination is available.
