Hunting Colors:

- It is no secret that Gunsmoke or Black looks amazing with either Kuiu Verde or Vias. Flat Dark Earth **does not** pair well with either Kuiu camo pattern.
- Green Beret is designed to coordinate with Kuiu Verde.
- Musket Brown and Flat Dark Earth together is a woody neutral look.
- Treezyn Late Seezyn is a great match with Spanish Fly and Gunsmoke, while Early Seezyn is best with Gunsmoke and Mantis. Treezyn Ladies camo (formally Vixyn) works best with Majesty Purple.
- Gunsmoke and Musket Brown coordinate with Predator Brown Deception
- Athens Spring Fever matches Mantis while Athens Autumn Blaze matches Monarch. Both are stellar combinations

Target Colors:

- New for 2022 is Spanish Fly. It is a cross between Gold, Bronze and Copper. Use your imagination with this versatile matte color.
- Pearl White limbs really makes almost any solid color riser a real stand out.
- Gunsmoke lends more of a classy vibe to a target color riser.
- Custom strings and speed buttons always available at an additional charge. Please call Athens Archery for further information.

The Old Glory Bow: We are 100% made in America, so with great pride, we offer our exclusive Athens pattern- Old Glory. This is our version of the time worn flag that may have been in your family for generations. Upper limbs are in blue/stars while lower limbs are in red/white stripe. The look is finished with coordinating GAS Ghost string/cables with red and blue servings. No other color combination is available.

The O'Canada Bow: With a nod to our neighbors to the north, O'Canada features falling maple leaves to highlight the Canadian flag. Upper limbs are Pearl White while the lower limbs are the solid red leaf pattern found in the riser. To coordinate everything together, matching GAS strings with silver serving and white speed buttons finish this exclusive design that cannot be found elsewhere. No other color combination is available.
