Hunting Colors:

- **New for 2024** is SKRE Solace, very versatile working with Slate, Black or Willow.
- **New for 2024**, Slate. As the name implies, a good mid range medium grey color
- **New for 2024** True Timber in Strata. Strata with Green Beret blend well.
- Athens Conifer Grey, one of the most popular camos ever offered by Athens, can't be beat. Flat Dark Earth, Willow, Green Beret and Black are inbedded inside of this camo.
- Consider all Flat Dark Earth- it is like a pair of khaki pants- the custom string options with that is mind boggling.
- Autumn Blaze and Flat Dark Earth is stunning. Black is fierce and Willow can work as well.

Target Colors:

- **New for 2024** Green Winged Teal, Mallard and Hummingbird. All three colors are going to look best with Slate or Willow. Of course, White and Black too. Do not confuse Hummingbird with Majesty Purple, it is a deep raspberry color. Mallard is also offered as a limb color.
- Mallard and Flat Dark Earth is a great combo.
- Majesty Purple remains a top seller.
- Consider a Black Riser, White limbs and custom jet black strings with white speed buttons. We promise you will love it.
- All Willow or Slate with custom strings can't be beat. Possibilities are endless with that.

****Custom strings and speed buttons always available at an additional charge. Please call Athens Archery for further information.
